JOHNSON VICTOR OVER TOM KNOTTS

In an election replete with rioting, juggling, disorders, and shooting, the citizens' ticket of Gary won by a complete sweep over the Knotts democratic machine in Gary.

Citizens' Complete Victory.

Latest returns show that 8,472 votes were cast, of which Roswell O. Johnson, the citizens' candidate, received 4,894 votes, and Mayor Thomas E. Knotts 3,478 votes, running 1,516 ballots behind Johnson.

Democrats to "Salt River."

At supper time the outlook was for Knotts, but at 10 the tide turned against him and old-timers say that the mayor got nervous for the first time in his political career. At 11 he conceded loss by 500. At midnight these figures were doubled and the democrats had faint hopes of re-electing "Honest Mike" Walsh to the council, but at 1 a. m. it was found that the whole ticket had gone down into defeat. Of the twenty-six precincts in Gary Knotts carried but four.

Even the leaders of the citizens' party were surprised by the overwhelming majority of Johnson. The majority was three times the expectations of the most optimistic.

Knotts' invincible machine, built up by seven years' rule of patronage and millions of dollars' worth of public improvement contracts, went down with a crash even in the "patch." In the better residential portion Johnson won

SMALLEY GETS SNUG PLURALITY

Magnificent Race Put Up by Crumpacker Against the Heaviest Odds Yesterday

With a plurality of 769 votes in the municipal election in Hammond yesterday, Mayor John D. Smalley lacked but 196 votes of getting a majority. Excepting four republican ward aldermen in the first, fourth, eighth and ninth wards respectively, the entire democratic ticket was elected.

The republicans and the progressives standing together on a citizens ticket could not have defeated Smalley on the returns of last night. On the head of the ticket the republicans received more than two votes to the progressives one. Smalley, the progressive mayoralty candidate was left behind on his own ticket by eight other candidates who received more votes than he did. The only progressive candidates who came near to victory were aldermanic nominees, Lewis in the third ward, Williams in the seventh, both of whom beat the republican candidates.

In the first ward the vote was close, Moriarty, the democrat having been defeated by Fowler, the republican by only six votes. There was talk of a contest today by Moriarty's friends, and in some quarters charges were made by them that he had been deliberately double crossed. The tenth ward contest slimmered down to two votes as a plurality for Moriarty.

James Boyles, the independent candidate in the ninth ward received 37 votes in Conkeyville.

Sam Abelman ran about as was expected, but his one over a hundred votes will cause considerable money to change hands as many bets had been made that he would not get more than a hundred votes.

CALLAHAN TRIUMPH WAS REMARKABLE Stupendous Battle at East Chicago Re- buke to Graft And Slander of Bankers and Business Man

One of the most spectacular elections ever held in East Chicago was finished last night at six o'clock, with the triumph of Callahan and the Citizens' ticket. Never before in the history of that municipality was the battle ever waged with more vigor and determination.

FOUGHT TO A FINISH.

The campaign was characterized by intimidation and brutality on the part of over-zealous administration workers on the one hand and by organized resistance and determination on the part of the citizens on the other.

On account of the large number of strong arm defenders which the Citizens were able to muster, there was not as much violence and bloodshed as would have been otherwise.
